One... two...  
Mary comes to you  
Three... four...  
She's behind the door  
Five... six... seven... and eight  
You can't run, it is too late  
Nine... ten...  
You can't move, but *she* can

Blood is in the air  
But you can't hide  
Mary gets you everywhere  
She wishes you a good night
