(Promise To Say) Farewell

You asked me to stay
Like a dream, forever and a day
You asked me to leave
All the sadness and grieve

I should promise to give
My own life just to live
I can't promise you happiness
Can't save you from loneliness

There's not much to say and nothing to do
Can't reach the stars or fight hell, not for you
I don't know how to say but I hope I can tell
The only promise I'll give
Will be to say farewell

I beg your pardon for
All things I'll do no more
Please understand my way to let know
Once in this life, you must let go

I asked you to hold me
But you just said you can't see
Why you should do all
For my will to fall

There's not much to say and nothing to do
Can't reach the stars or fight hell, not for you
I don't know how to say but I hope I can tell
The only promise I'll give
Will be to say farewell

So now I must tell you
If even I love you

I promised too much things
And all this broke my wings

Please, if I hurt someone
Forgive me for things I've done
Don't ask me to do the same
'Cause this promise will be in vain

There's not much to say and nothing to do
Can't reach the stars or fight hell, not for you
I don't know how to say but I hope I can tell
The only promise I'll give
Will be to say farewell
